Dear Vail Education Foundation,

The Vail Preservation Society Board deeply appreciates Vail Education Foundation's support of the Cienega H.S. Construction Tech students welding instruction and public art project. Thanks to you it is possible for these students to gain skills that will help them throughout their lifetime and be part of placemaking for their hometown. The art they create will be installed along Colossal Cave Road. They and their community will be proud of their accomplishment and the skills they will have learned.

Sincerely,

J.J. Lamb
